CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
 - (i) Single Intradermal Comparative Test for Tuberculosis;
 - (ii) Agglutination Test for Contagious Abortion; and
 - (iii) Complement Fixation Test for Johnes's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).

- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
- (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females must be certified to have passed the Agglutination Test for Contagious Abortion within three months prior to the date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to any laboratory approved by the Ministry of Agriculture, Fisheries, and Food. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. Any female which has not passed the Agglutination Test within three months prior to the date of Sale but which has been vaccinated, can only be accepted for the Show and Sale, provided that one of the following certificates (signed by a Veterinary Surgeon) is supplied to the Auctioneers on or before the arrival of the animal at the market premises:—

- (a) That the animal was vaccinated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale.
- (c) Any female not complying with the above Regulations must be penned separately and sold at the end of the Sale, the results of an Agglutination Test, made within three months prior to the date of the Sale, to be displayed on the Pens.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the

Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of One Shilling per guinea, also a Levy of eightpence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.

- (c) The Auctioneers shall be entitled to charge against the owner one per cent, on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

Unlicensed Bulls of the prescribed age exposed for Sale at Auction Marts

Attention has been drawn by the Secretary of State to the increasing number of unlicensed Bulls exposed for sale throughout Scotland.

In terms of the Improvement of Livestock (Licensing of Bulls) Act, 1931, the prescribed age at which all bulls must be licensed is **10 months**, and applications must be submitted to The Department of Agriculture for Scotland, St. Andrew's House, Edinburgh, 1, not later than 28 days before the animals attain the prescribed age. There are no grounds for the belief that applications for licences do not require to be made until the animals are used for service.

All Bulls (10 months and over) exposed for sale must, therefore, be accompanied by the Licence issued by The Department of Agriculture for Scotland.

**All Reserve Prices to be handed to the Clerk of Sale before Nine
o'clock on Morning of Sale Day.**

Denend Champion—see Reference to Sires.

Portyerrock Pure Gold was purchased for the Denend Herd in 1962. Her first calf born in the herd was Denend Constellation (by Bapton Constructor), now junior stock bull at Louada Manor Farms. She is a truly great cow and was purchased not only on account of her individual merit, but also on account of her breeding, which provides an outcross to a lot of present-day pedigrees.

Cruggleton Cumming and Cruggleton Ayles, two typical Marshall bulls, were sired respectively by Cruggleton Elvin and Cruggleton Achilles.

REFERENCE TO SIRES

BAPTON

BAPTON BRAVE ROBIN (17504), dark roan, calved 7th March, 1959, bred by Messrs. Cecil & Nigel Moores—sire, Bapton Roan Robin (13110); dam, (51039) Bapton Broadhooks Sheree by Bapton Constructor (6414).

Bapton Brave Robin was purchased by Denend Pedigree Farm at Perth in 1960 for 4800 guineas—a half share was retained by Bapton. He grew into a massive bull, with tremendous bone and a great stock bull outlook, and he was one of the biggest bulls in the breed. Note that he is a double grandson of the famous Bapton Constructor (see Reference to Sires (3)). His dam is an outstanding female and is uterine sister to Bapton Highway, who is being used with great success in Messrs. Duggan's famous Sittyton Herd in Argentina. Bapton Highway sired the junior and reserve junior champion at Palermo in 1961. The junior champion sold for 2,250,000 pesos (£10,000), an all-time record price for an Argentine-bred bull. Messrs. Duggan retained the reserve junior champion for use in their herd. Bapton Brave Robin's grandam, Tolquhon Snow Queen (by Bapton Principal), was purchased from her breeder, Mr. John Sleigh, for 1000 guineas. She comes from the same family as, and is closely related to the famous Kirkton Drum-Major, so successfully used by Señor Enrique Santamarina in the Argentine. The females by Bapton Brave Robin are really outstanding, and his early death was a great loss to the breed.

BAPTON CLANROY (10017)—sire, Bapton Constructor (6414); dam, (432509) Bapton Marilyn Broadhooks by Kirkton Hercules (381696).

Bapton Clanroy was bought at Perth for 3000 gns. in 1958 for the Coldoch Herd. He was one of two stock bulls by Bapton Constructor who were retained in this country. Bapton Constructor is now world-famous by reason of his record price of 15,000 guineas, and the sensational popularity of his progeny in Canada. Bapton Clanroy is renowned for his great strength of bone and general ruggedness, which shows in his females left in the herd. He was used for three seasons in the herd and then sold to Mr. Horace G. W. Crookes, Lornwood, Transvaal, South Africa, for whom he was reserve champion at the Rand Show in Johannesburg. He sired Coldoch Sportsman, the winner of the D. M. Stewart Challenge Trophy, and reserve senior champion, at Perth in 1961. This bull was purchased by Señors J. & G. Elordy, Argentina, for 2200 guineas.

BAPTON—Continued

BAPTON CONSTRUCTOR (6414), red, calved 25th January, 1955, bred by Mr. Cecil Moores—sire, Calrossie Constellation (396200); dam, (431434) Aldie Augusta Johanna by Aldie Jonathan Adonis (386875).

Bapton Constructor was sold for 15,000 guineas, and is surely one of the greatest Shorthorn sires ever to be produced in the breed. His record in the Louada Herd is really outstanding. He has created a new era in Shorthorn breeding. Bapton Constructor is the sire of many high-priced and prize-winning bulls, including the 30,000-dollar Louada Bonaparte, the first Canadian bull ever sold to Argentina, going to the famous Sittyton Herd of Señor C. Duggan. He also sired Louada Nugget, sold for 12,000 dollars to Hi Ho, and, at the 1959 Louada Sale, 15 bulls by Bapton Constructor averaged £2500 each. He is the sire of Louada Bomber, male and supreme champion at the Chicago International in 1958. He also sired the female and reserve champion at the International, and his progeny won all the get-of-sires and groups. His stock to date has sold for over 400,000 dollars. At the 1960 Louada Sale, Louada Masterpiece, a son of Bapton Constructor out of Bapton Mavis Crocus (by Kirkton Hercules), sold to Señor Duggan, Argentina, for the top price of 15,000 dollars. Bapton Constructor was flown back in March, 1961, to Denend Pedigree Farm. He has proved himself to be one of the greatest bulls of his time. His famous grandson, Louada Rothes King (by Louada Bonaparte), is making a name for himself in the Louada Herd as one of the greatest stock bulls ever used there. His first seven bull calves, all under ten months old, were sold to average 3900 dollars each at the Louada Sale on 21st October, 1963, and, in 1964, his top son, Louada Air Raid, sold for 8000 dollars. Bapton Constructor is also the sire of Denend Glen Lake, winner of 1st prize in the March class at Perth in 1962. In 1965 he won 2nd prize and the reserve male championship at the Royal Highland Show; male and supreme champion at the R.A.S.E. Show, and, along with Rona Blythesome of Bapton (P), won the reserve for the inter-breed Burke Trophy. At the Great Yorkshire Show, he won 2nd prize and the reserve supreme championship. He won the male and supreme championships at the Royal Lancashire Show, also the "Long Silver Salver" for the best exhibit in the Beef Section. He was also supreme champion at the Royal Northern, Ellon, Turriff, and Keith Shows—the only times exhibited so far. He is a bull of tremendous scale and substance, weighing 18½ cwt. at the end of the 1965 summer show season. He is also the sire of Denend Constellation, now the well-known junior stock bull at Louada. Another son, Denend Champion (see Reference to Sires (13)) has recently been sold to head the famous Uppermill Herd. He was also the sire of the 1965 Perth champion, Denend Ragusa (see Reference to Sires (14)), sold to Messrs. Cadzow Brothers for 10,000 guineas.

BAPTON CROCUS ROBIN (22174)—sire, Bapton Brave Robin; dam, Bapton Mary Crocus.

Bapton Crocus Robin was 2nd in his class at Perth in 1963, when he was purchased for Ardbennie at 3500 guineas. His sire, Bapton Brave Robin, a massive bull, with tremendous bone, was a double grandson of Bapton Constructor, whilst his dam, Bapton Mary Crocus, an outstanding female of this famous Bapton Crocus family, among her many show successes, won four supreme championships. She was by Bapton Enterprise, who sold for £12,000 in the Argentine in 1953. His first crop of calves at Perth in February, 1965, averaged just over £2000, making him the top sire of that year, and, in 1966, he sired Ardbennie Keystone, junior and reserve supreme champion, and sold for 1500 guineas.

BAPTON—Continued

BAPTON LORD MAYOR (23890), red, calved 23rd January, 1962, bred by Messrs. C. & N. Moores—sire, Bapton Constructor (6414); dam, (95994) Bapton Mabel Lorraine by Bapton Roan Robin (13110).

Bapton Lord Mayor is a dark red bull, with great bone and a real sire's outlook, and with exceptionally good hindquarters. Bapton Constructor—see Reference to Sires (3). Bapton Roan Robin—see Reference to Sires (5). Bapton Mabel Lorraine, one of the top females from the herd, is also the dam of Denend Christmas Day, junior stock bull at Denend. She is a female with tremendous outlook, and is offering to be an outstanding breeder. She comes from the Garguston line of Mabels, which produced such famous bulls as Balcairn White Eagle, the sire of the great Collynie Royal Leader. Bapton Lord Mayor is now one of the sires in Miss Brown's Dipple Herd.

BAPTON ROAN ROBIN (13110), dark roan, calved 1st January, 1957, bred by Mr. Cecil Moores—sire, Bapton Constructor (6414); dam, (432497) Bapton Augusta Margaret by Kirkton Hercules (381696).

Bapton Roan Robin, although never shown, was universally acclaimed as one of the great bulls of his time. He was used for three seasons in the Bapton Herd before being exported at a very high price to Mr. Ian McLeod, Martinborough, New Zealand. His females are the tops in the herd to-day and are growing into lovely cows. He is the sire of Kinellar Royal Robin, junior stock bull at Louada, where he is proving very successful. Another son is the 4800-guineas Bapton Brave Robin. Bapton Roan Robin is the sire of the following—Bapton Red Robin, 2nd at Perth in 1960 and sold for 4000 guineas to Northwood; Glen Cove Cairnbrogie, Mr. Clarence Worden's outstanding show bull, which was supreme champion at Iowa State Fair, New York State Fair, and American International, Chicago; Von Ber Mar Roan Robin, supreme champion at Iowa State Fair when only six months old, and supreme champion at Denver when two years old; Aberfeldy Roan Robin, supreme champion at the Canadian National Exhibition in 1960, and whose first son was the supreme champion at the Canadian Exhibition in 1962, where Aberfeldy Roan Robin was senior and reserve supreme champion. Bapton Roan Robin's dam is perhaps Kirkton Hercules's best daughter—she is a female with tremendous character and quality and comes from this famous old Bapton family. Bapton Roan Robin's females are proving to be outstanding breeders and grand milkers.

CLIPPER KING OF BAPTON (P) (148), dark roan, calved 1st June, 1959, bred by Messrs. C. & N. Moores—sire, Coronet Max Leader 3rd (P) (95); dam, (51041) Bapton Fair Clipper (H) by Calrossie Constellation (396200).

Clipper King of Bapton (P) is one of the largest and best Polled Short-horn bulls of recent years and was exported, by Bapton, at a very high figure to Northwood Farms, Illinois, U.S.A., who later sold him to K.C. Farms. One of his sons, Cropwell Wraith, has been a prominent prize winner in the south. Another son, Pennan Paragon (P), has proved to be a great sire and a 100% de-horner in Mr. Watt Taylor's Philorth Herd. Another son, Royal Leader of Bapton (P) (see Reference to Sires (25)), is the senior stock bull in the Denend Polled Shorthorn Herd. Coronet Max Leader 3rd (P), a tremendous son of the famous Priam Royal Leader (P), was a great sire in the Bapton Herd, prior to being sold to Mr. Dave Kilgour, New Zealand. He weighed over 23 cwt. Bapton Fair Clipper, one

BAPTON—Continued

of the greatest females in the Bapton Herd, was sired by the undefeated, 1957 bull of the year, Calrossie Constellation, and her dam, Fair Clipper 45th, was the undefeated female in 1956. Clipper King of Bapton (P) won many prizes and headed several exhibitions prior to being exported. He is typed as "AAA" in the American Association's typing scheme.

REMUS OF BAPTON (P) (191), red—sire, Coronet Max Leader 3rd; dam by Calrossie Constellation.

Remus of Bapton, a massive, red bull, is now with the Scottish Milk Marketing Board, as is also one of his sons. Another eight sons, all big, fleshy bulls, are in use in the Pennan Commercial Herd.

A dark red bull of great scale and substance, with a grand head, Spokesman of Bapton (P) is proving to be a 100% de-horner. Constructor (P)—see Reference to Sires (21). His dam was a beautiful, dark roan daughter of the famous Coronet Max Leader, and the next sires in line were Calrossie

BEAUFORT

BEAUFORT CAPTIVE (6063), red roan, calved 10th September, 1955, bred by Lord Lovat, D.S.O., M.C., T.D.—sire, Bunton Bank Book (393827); dam, (411667) Beaufort Clipper Maid 25th by Beaufort Bulldozer (381567).

Beaufort Captive was the successful stock bull at Pittodrie, to which herd he was sold for 4000 guineas. CALROSSIE

CALROSSIE CONSTELLATION (396200), red, calved 1st March, 1953, bred by Messrs. John & D. P. MacGillivray—sire, Calrossie Welcome (368471); dam, (318937) Calrossie Flossy Beau by Kirkton Baronet (335904).

The bull of the year in 1957 needs little comment. He is perhaps one of the greatest sires the breed has produced in recent years. His first son, the record-priced, 15,000-guineas Bapton Constructor, has created a new era in Shorthorns in North America, 15 of his sons being sold at the 1959 Louada Sale to gross £35,795. Directors' Report

The Directors of THE BEEF SHORTHORN CATTLE SOCIETY have pleasure in submitting their REPORT to the THIRTY-FIRST ORDINARY GENERAL MEETING of the Society to be held in the STATION HOTEL, PERTH, on the ELEVENTH DAY OF FEBRUARY, 1967, at 6 p.m.

The Report and the Statement of Accounts relate to the Year to 31st December, 1966.

Revenue Account

While it is somewhat disappointing to have to report a Loss of £534 on the Revenue Account, this deficit is not too great as at this particular time, despite all efforts to make economies, costs continue to rise and, in addition, there was a reduction of £760 in the income received from the Commission and Levy on Sales.

With regard to the Accounts, the following items should be noted in particular. During the year, £3,054 5½% Exchequer Stock was realised on maturity, and of this sum, your Directors re-invested £1,000 in Perth County Council 6½% Bonds, and in addition purchased a further £1,000 3% Savings Bonds 1960/70, for £852 13s. 8d., making the total holding of these Bonds, £3,000.

The Revenue Account now shows a debit balance of £134 9s. 2d.

Payment of Fee to Livestock Agency

Your Directors have again agreed to pay a Fee to the Livestock Agency, Messrs. Thomas Lawson & Co., Hereford, for continuing to promote the Breed in the South, and in particular to demonstrate pens of Beef Shorthorn Cattle and their Crosses at a number of the main English County Shows, and the London Dairy Show.

There is no doubt of the increasing interest which the Agency, and in particular Mr. Lawson, is creating for the Breed in the South, and it is worth noting that the Hiring Scheme, which was started just over a year ago, has caused considerable interest and the Stud of Bulls now numbers nineteen.

Permanent Stand at Ingliston

As a result of the generosity of Members, arrangements have now been completed for the Society, in conjunction with the Highland and Luing Cattle Societies, to erect a permanent Stand at the Royal Highland and Agricultural Society of Scotland's Showground at Ingliston. As planning permission has now been obtained, work will commence shortly on the erection of the building, and this will be completed in time for the Stand to be in use at the 1967 Royal Highland Show. The amenities of this new Stand will be available to all Members of this Society and the other two participating Societies.

It should be stressed that all the money for the Stand has been donated and none of the Society's Capital will be used for this purpose. Indeed, the new building will save the Society several hundreds of pounds per annum, as the annual outlay for erecting and dismantling the temporary stand, which has been in use for many years past, was well over £500.

Any Member who has not yet contributed to the Stand Fund, and wishes to do so, should send a donation as soon as possible, as the Fund will be closed shortly.

Membership

The Membership of the Society now stands at 330, and shows a slight decrease—two—over the previous year.

There has been the usual "writing off" of those Members whose Subscriptions have been in arrears for a number of years, and the Directors are hopeful that all Members will pay their Subscriptions promptly so as to avoid the necessity of sending out constant reminders.

Once again there has been an increase in the number of overseas Members.

Exports

A total of fifty-five Beef Shorthorns and three Polled Shorthorns were exported during 1966, and this shows an increase of twenty-one over the 1965 figures.

Argentina headed the list, taking twenty-five Beef Shorthorns and one Polled Shorthorn, while Canada took second place, having imported a similar number of Beef Shorthorns.

The details are as follows, viz.:—

Beef Shorthorns—Argentina 25; Canada 25; Italy 1; South Africa 1; and U.S.A., 3.

Polled Shorthorns—Argentina 1; New Zealand 2.

Performance Test at A.I. Centre

Your Directors have agreed to undertake, in conjunction with the Beef Recording Association and the Scottish Milk Marketing Board, a Performance Test with Beef Shorthorn Bulls at the Newlands A.I. Centre at Scone, Perth. A management committee comprising representatives from this Society, the Beef Recording Association and the A.I. Centre will arrange the detailed management of the Test.

The test will commence in the Spring when bulls of approximately eight months of age will be taken into the Centre. They will graze as a group during the summer until about late September, when they will be brought indoors for uniform management until the following February. The test results will end when the bulls are approximately 500 days old, and this is where the Test differs from previous ones which have concerned bulls between 7 and 13 months of age.

Your Directors are sure that valuable information can be obtained from this Test and they hope that Members will co-operate by providing bulls. Final details will be available to Members in the near future.

The expenses involved in running this Test have been approved and will be financed from the Research and Development Fund, which is operated by the National Cattle Breeders' Association.

Principal Breed Sales

In common with Pedigree Sales of all Breeds, the trade for Beef Shorthorns at the Perth February Show and Sale showed a slight decrease over the 1965 figures. A total of 143 bulls were sold to average £426 4s., while 21 females averaged £107 5s. Twenty-eight animals were purchased for export at £28,497, and once again the Argentinian buyers figured prominently, taking twenty-four bulls and one heifer to total £24,297.

The Show was a triumph for Mr. George W. Pitcaithly, West Dron, Bridge of Earn, who celebrated his new appointment as a Director of the Society by winning his first-ever Supreme Championship at Perth. His Champion, Dron Avalanche, a rising two-year-old son of Calrossie Panorama and out of a home-bred Princess dam by Crichton Blanco, topped the Sale at 4,600 gns. Mr. Pitcaithly also brought out the Reserve Two-year-old Champion, Dron Adrian, another son of Calrossie Panorama.

The Reserve Supreme Championship was won by The Hon. Mrs. Dewhurst, North Ardbennie, Madderty, Perthshire, with her Junior Champion, Ardbennie Keystone, a thirteen-months-old son of Bapton Crocus Robin. Keystone was sold for 1,500 gns. Standing Reserve to the Ardbennie Junior Champion was the Welsh-bred Carstrad Clive, a son of Carstrad Hercules, bred and shown by Mr. T. Ll. Jones, Ystrad Farm, Carmarthen. Mr. Jones has been a consistent exhibitor at Perth for many years. Mr. W. F. Ferguson, Wester Moy, Forres,

Morayshire, showed the Senior Champion, the white, eighteen-months-old Moy White Ensign, by Moy Diefenbaker.

Most of the Group awards were won by Mr. Alex. Anderson, Burnton, Laurencekirk, Kincardineshire, who showed the Best Three Bulls; Best Three Bulls by the same sire; and the Best Five Bulls. All the animals were sons of Beaufort Graduate. Two sons of Bapton Crocus Robin won the award for the Best Two Bulls for The Hon. Mrs. Dewhurst, North Ardbennie, Madderty, with the Burnton Groups reserve.

The Female Championship was won by Messrs. Robert M. Adam & Son, Newhouse of Glamis, Angus, while the award for the Best Pair of Females went to Messrs. H. W. Melville & Sons, Balmullo, Leuchars, Fife.

At the Annual Autumn Show and Sale, held at Perth in October, Messrs. R. M. Adam & Son, Newhouse of Glamis, won the Championship for the seventh year in succession. The Sale totalled £14,562 9s., and this included a draft of fifty-four Beef Shorthorns and fifty-six Polled Shorthorns from the Estate of the late Mr. W. Gordon Blackstock, M.B.E., Denend Pedigree Farm, Strichen, Aberdeenshire, who was tragically killed in a road accident last August.

Top price of the Sale—560 gns.—was paid for a horned bull from Denend, the four-year-old Denend Glen Lake, by Bapton Constructor. The top price for females—460 gns.—was paid for the six-year-old Denend Augusta by Beaufort Cup-Tie.

Summer Shows

The Breed representation at the various Summer Shows during 1966 was particularly good, and at the Royal Highland Show, a team of Beef Shorthorns won the "Farming News" Inter-Breed Trophy for the second year in succession. The Breed Classes at this Show were outstanding, and the American Judge, Mr. L. E. Mathers, awarded the Supreme Championship to Uppermill Ballot, a three-year-old son of Westdrums Wallace, from the noted herd of Dr. James Durno, C.B.E., of Uppermill, Tarves, Aberdeenshire. Morphie Winsome Broadhooks, a two-year-old heifer by Morphie Prince Wicklow, won the Female Championship for Mr. W. L. Anderson, Morphie, Montrose, while animals from Denend were placed Reserve for both the Male and Female awards.

Uppermill Ballot repeated his Highland Show success at the English "Royal", while on this occasion, Denend Glen Lake, a four-year-old son of Bapton Constructor, was reserve for Mr. W. Gordon Blackstock, M.B.E., Denend Pedigree Farm, Strichen, Aberdeenshire.

At the Great Yorkshire Show, Denend Glen Lake won the Championship, while the Reserve Ticket went to a nine-year-old cow, Naemoor Waterloo Dolores, by Calrossie Defiance, shown by The Hon. Mrs. Dewhurst, North Ardbennie, Madderty, Perthshire. At this Show, the Beef Shorthorn Team triumphed in the Inter-Breed competition.

Your Directors would take this opportunity of expressing their thanks to those Breeders who continue to keep the Breed flag flying at these Shows, despite the ever-increasing costs of showing.

Fat Stock Shows

The Directors are also grateful to the Breeders who give their support to the Fat Stock Shows, and during 1966, once again the most successful exhibitor in the Beef Shorthorn Classes was Mr. W. L. Anderson, Morphie, Montrose, Angus, who won the Breed award at both the Scottish National and Royal Smithfield Shows, with a rising two-year-old heifer, Morphie Princess Zonna by Morphie White Knight. In addition to winning the Breed award at Smithfield, this heifer was Reserve Best Heifer in the Show, standing in second place to the ultimate Supreme Champion. Beef Shorthorn blood figured prominently in the various Cross Cattle classes.

19th January, 1967.

Dear Member,

I would like to take this opportunity of drawing your attention to several important matters, as follows:-

ANNUAL GENERAL MEETING.

The Thirty-First Annual General Meeting of the Society will be held in the Station Hotel, Perth, on Saturday, 11th February, 1967, commencing at 6 p.m., when I trust you will find it convenient to be present. A copy of the Annual Report and Accounts for 1966 is enclosed.

ANNUAL DINNER/DANCE.

The Society's Annual Dinner/Dance will, as in former years, be held on the evening of Monday, 13th February, in the Station Hotel, Perth, at 7 p.m. for 7.30 p.m. Tickets, price £2 each, are now available, and Members are asked to make early application in order that the Hotel can be advised of the likely number to be in attendance.

The Annual Dinner/Dance is always one of the highlights of the Society's year and is greatly enjoyed by all Members and overseas guests and, for that reason, I hope that the function will be well supported by Members and I look forward to receiving your order for tickets in due course.

Will Members please note to bring their Tickets with them to the Dinner as arrangements have been made for all tickets to be collected.

HERDSMEN'S SOCIAL.

It has been agreed to hold this function in York House, York Place, Perth, on Monday evening, 13th February, 1967, commencing at 7.30 p.m. when it is hoped that the social will prove popular with the Herdsmen, whose co-operation in ensuring the success of the evening, is anticipated.

Tickets price 12/6d. each are now on sale.

ANNUAL SUBSCRIPTION.

Your Annual Subscription of £1 for 1967 is now due and I would be pleased to have your remittance in due course. Where Subscriptions are due for more than one year this has been indicated on the enclosed Form.

I would like to ask those Members who are in arrears with their Subscription to give this matter their immediate attention, as frequent reminders cost the Society unnecessary expense.

"BEEF SHORTHORN RECORD".

I would like to take this opportunity of thanking those Members who reserved advertising space in the recent November issue of the "Record". Where advertising accounts/

accounts are outstanding, a copy of the account is enclosed.

In reminding Members that the "Record" is an excellent medium for advertising their Herds, I would ask those who have not advertised in previous issues, to consider taking space in the next issue.

STAND AT ROYAL HIGHLAND SHOW.

Planning permission has now been received for the erection of the permanent Stand at Ingliston, in conjunction with the Highland and Luining Cattle Societies, and work will commence in the very near future.

I would be grateful if those Members who promised donations would remit their cheques now - made payable to The Beef Shorthorn Cattle Society and crossed "Highland Show Stand Fund". In addition, any Members who have not yet contributed to the Stand Fund, and wish to do so, should send a cheque to me as soon as possible.

Yours faithfully,

M.P. RAMSAY,

Secretary.

28th March, 1967.

Dear Member,

I would like to take this opportunity of drawing your attention to several important matters, as follows:-

PERFORMANCE TEST.

Due to circumstances beyond the control of the Society, the Directors have been advised that it is not possible for our proposed Performance Test at the Newlands A.I. Centre at Perth to take place. As a result of the premises at Perth not now being available and due to the difficulty in obtaining other suitable premises and the heavy expenses which would be involved, your Directors have unanimously decided that the Test be postponed for this year, and it is hoped that alternative arrangements can be made for the Test to take place next year.

NATIONAL SHOWS.

I have been asked by the President to appeal to Members to ensure that there will be a good turnout of the Breed at the National Shows this year, and in particular at The Royal Show at Kenilworth.

With regard to the Royal Highland Show, I would draw your attention to an alteration which has been made in the Breed Classification for this year's Show. Please note that the following Classes have been amended in order to allow in-calf cows to be shown in the two Senior Cow Classes. The relative Classes will now read as follows, viz:-

- 137. Cow, in-calf or in milk, born before 1st August, 1963.
- 138. Cow, in-calf or in milk, born on or between 1st August, 1963 and 31st July, 1964.

PANEL OF JUDGES.

From time to time the Directors are asked to submit names of Judges for the National Shows and in order that a Short Leet might be drawn up from the complete Panel, the Directors have recommended that all Members be given an opportunity to nominate a Panel of six names.

A copy of the official Panel of Judges is therefore enclosed, and I shall be obliged if you will mark an 'X' against six names and return the Panel to me not later than Friday, 7th April. From the returned lists will be selected the Short Leets for submission to the National Show Societies.

Your co-operation in this matter is requested.

FEBRUARY SALE LIST.

For your information, I enclose herewith a copy of the Sale List of the 103rd Annual Show and Sale, which was held at Perth on 13th and 14th February. The details provided were taken from the Auctioneers' official records.

ANNUAL SUBSCRIPTIONS.

If your Annual Subscription for 1967 is outstanding I would be pleased to receive payment in due course.

Yours sincerely,

T.M.O. LANG,

Secretary.
